Rinnai®

REHP[™]SERIES

Electric Heat Pump Water Heater

Technology and Comfort Combined

Rinnai now offers one of the most efficient and sustainable residential water heating solutions available, the Rinnai Electric Heat Pump Water Heater (REHP). The REHP delivers consistent hot water by extracting heat from the surrounding air and converting it to hot water while producing zero emissions.

When you install the REHP in your home, you are assured of meeting the highest efficiency standards and reduced energy usage and costs.

Product Highlights

Efficiency

- Energy Star® Certified
- Exceptional efficiency up to 4.0 UEF
- CTA-2045 (AC) Certified
- Title 24 Compliant
- Meets the highest level of federal and state rebate requirements
- IRA (45L) tax credit eligible
- NEEA Tier 4 Certified
- High Cool Climate Efficiency (CCE)

Performance

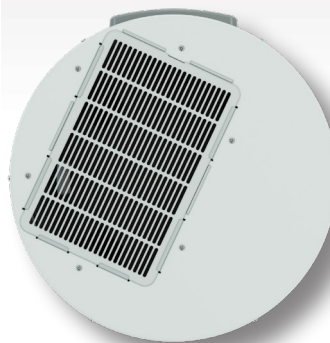

- Up to 91 Gallons FHR (First Hour Rating)
- Designed with variable speed fan for whisper quiet operation
- Heat Pump operating range down to 37°F ambient for extra days of efficient operation
- Designed to optimize the heat transfer for best in class recovery rate
- 4.5 KW back up elements for extra comfort
- Demand-Response Enabled- Save money by reducing energy usage during peak demand

Installation and Serviceability

- Zero Clearance required on back, top and side of unit for confined spaces
- Horizontal air filter placement for quick maintenance
- Easy Transport and Placement with Ergonomic Handles on either side
- Easy troubleshooting and serviceability
- Duct ready to install in tight spaces (Ducting Kit sold separately)

Our NEWEST Model the REHP65

Side Sliding Filter
for easy access and cleaning

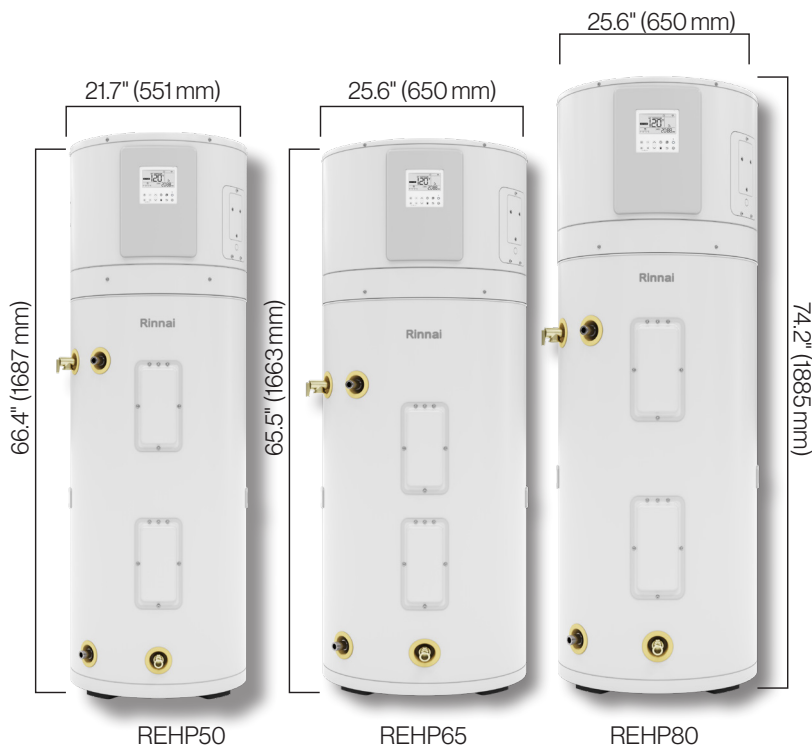

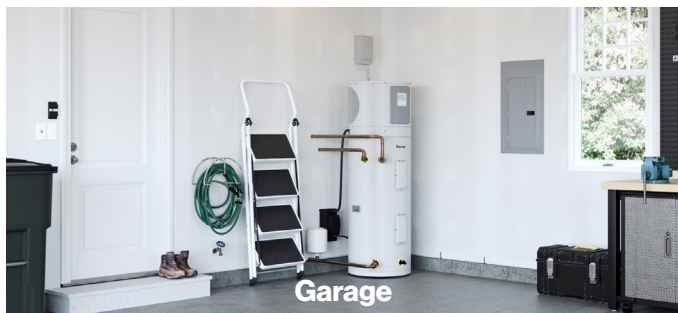

5 Operating Modes
to meet any hot water demand

Part #	Included Accessories	
107000677	T&P Valve	
107000674	Drainage Pipe	
107000678	Drain Valve	
Part #	Optional Accessories	
103000120	EHPWH Ducting Kit	
103000119	EHPWH Leak Kit	

REHP[®]SERIES[™]

Electric Heat Pump Water Heater

Product Specifications

Shipping Dimensions Inches (mm)	27.2 x 74.8 x 28.3 (691 x 1900 x 719)	28.9 x 75.6 x 30.1 (734 x 1920 x 765)	29.1 x 83.1 x 30.3 (739 x 2111 x 770)

Over 100 Years of Smart Comfort

Rinnai America Corporation Peachtree City, Georgia, USA

With headquarters in Japan and a global network of subsidiaries and sales offices, Rinnai has enhanced the way businesses and residences heat their water.

Dedicated to a smarter kind of comfort, our value-added products continue to stay in step with demands of a changing world.

Water Heating Solutions

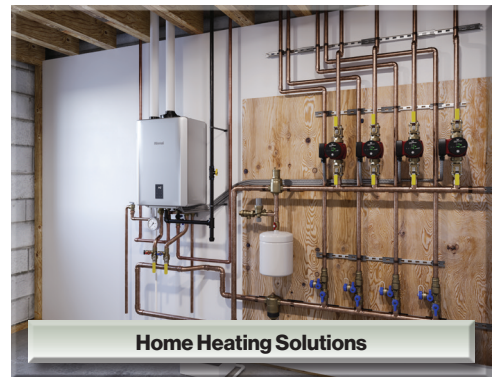

Rinnai America in Griffin, Georgia, USA

Proudly assembling Tankless Water Heaters at our state-of-the-art factory located in Griffin, Georgia, USA

Rinnai established its US operations in 1974 and introduced Tankless Water Heating to the North American Market in 1999.

In 2018 Rinnai assembled its first tankless water heater in the United States in Griffin, Georgia. Our state-of-the-art facility was completed in 2021 with assembly of the new **RE•SERIES™ Non-Condensing Tankless Water Heaters** beginning in 2022.

Rinnai continues to make significant investments in expanding its operations and product portfolio.
